 Subject: Camp supplies

Dear, SBC Director

We the Board hope this letter finds you and your campers in good spirit and looking forward to another camp season at SBC. As you all know this past year and up coming camp seasons have been especially tough on us all due to the economy. SBC is not immune to the rapidly rising cost of propane, trash collection, insurance and many other associated costs with running a summer camp. In order to keep camp costs down the Board has decided to place some of the cost of supplies back on the camps. This decision was not made easily but was made with the best interest of all camps in mind. Below is a list of 8 supply items that each camp will need to bring. These items were selected due to the very uneven usage by each of the camps. It became difficult for the Board to have one camp using 10 packs of paper towels while another used only 2 packs. What ended up happening was the smaller camps were subsidizing the larger camps for consumable supplies.

The caretaker will use the trash bags as needed for the trash cans, and will place Pine Sol and Clorox in the bathrooms as needed from these supplies. Below is a recommendation chart on what to bring to your camp. This is only a recommendation your camp may use more or less.

**Revised 5-19-2011**

SBC will continue to supply all the other items regularly supplied. Toilet paper, liquid soap, gloves, mop heads, comet, oven cleaner, cleaning pads, SOS, vinegar, Dixie cups, fork, spoon, knives and more.

Thank you all for your help in this matter.  
 God Bless you all.

The SBC Board.
